

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision.

The institution is working towards helping the society in different ways and has the accountability towards serving the society. To name a few, The management of the Malnad Technical Education Society, Hassan has donated Rs. 10 lakhs and 8.5 lakhs respectively to Prime ministers COVID relief fund and Chief minister COVID relief fund during the pandemic.

The college has organised COVID-19 vaccination/jabbing camp for students and public around the college. The students of our college have developed systems to deal with COVID-19 pandemic situation and help the community during this situation. Students have developed an AUTOMATIC HAND SANITIZER. It was developed particularly for the Medical crew working in various hospitals for quick and easy usage.

A team of students from Computer Science and Engineering have developed an app (Application software/package) for the Dept. of police, Government of Karnataka for tracking the COVID-19 infected patients.

Further, the institute and Red Cross, Hassan wing, regularly organise blood donation camps where in students and faculty enthusiastically participate and plentiful blood sachets are donated to blood banks of the city of Hassan. Further, the meritorious students with economically weaker section are identified and they are financially supported by a team of alumnus of the college under the scheme, called M-Foundation award. The facility is also extended to the wards of D group employees of our college. In toto, the institute is working all round development of the society.
