HOST:
Hassan (known as poor man's Ooty) is located on the National Highway of Bangalore - Mangalore and about 185 Km from Bangalore. It is a business center and connects to all well-known pilgrimage centers like Dharmasthala, Sringeri, Horanadu and Udipi etc. Hassan District is well known for its world famous Hoysala architecture and temples of Belur, Halebidu, monolithic statue of Bahubali at Shravanabelagola. INSAT - Master Control Facility of ISRO is located 7 Km away from Hassan City.

Malnad College of Engineering (MCE) was started by the Malnad Technical Education Society in the year 1960. The college offers UG and PG programmes and has total student strength of about 3000. All the courses are recognized by the AICTE and are accredited by the NBA.

The Mechanical Engineering Department has well qualified and experienced teaching faculty with excellent laboratory facilities. It is recognized as one of the research centers by VITVEEWARA Technological University, Belgaum. It also has a PG course on Industrial Automation and Robotics.

Students Role Towards Society 01-11-21

Save nature save future

- * Trees act as absorbs for dangerous ultraviolet and greenhouse gases. They contribute a lot in reducing environmental temperature by acting as natural air conditioners and a source of rain. Consequently, they are one of the major controllers of global warming. So, **“Save trees now to save future.”** our NSS wing organized on 05-06-22 with 150 volunteers.

Blood donation camp 09-06-2022

- * NSS wing and youth red cross wing organized blood donation camp on 09-06-22. and 275 blood samples collected during this camp. The purpose of blood donation camp is **to select a suitable donor whose blood is safe to the recipients and who himself shall not in any way be harmed by blood donation. Donors are connected to a machine that separates platelets and some plasma from the blood and returns the red cells (and most of the plasma) back to the donor.** Donating platelets takes approximately 90 minutes. You can donate platelets every 7 days, up to 24 times a year.

“Role of Engineers in Society”

- * Brief Report on “Role of Engineers in Society”
- * Three days’ Workshop on “Role of Engineers in Society” organised from 31-10-2019 to 02-11-2019 to provide exposure community service and responsibility of our work towards society.

- * Talk on “Responsibilities” was delivered by DrPandu on 12-10-2021 followed by practical and theory session about future sessions up to 5:30pm Prof.Vijaykumar G Tile delivered talk on “dedication work in all engineering fields and “Effect on environment” and Discipline life and how to achieve goal. Followed Valedictory function. Total 160 students participated in this workshop.

Felicitation programme for corona warriors

- * **About:**

- * The aim of this programme is to bring awareness among the society regarding social Responsibilities, Ethical Values, Service to the Community and build up confidence and human values and development towards society become successful in their life and care towards society. we have selected 26 corona warriors around hassan district all worked from ground level during pandemic situation and they saved many lives, they are ashaworkers, ambulancedrivers, corporation sweepers and anganwadiworkers, teachers, doctors, nurses and others. this is conducted on 07-11-2020.

COvid-19 awareness programme

- * To create awareness and educate the University students, faculty, staff and local community regarding preventive intervention techniques that would help in reducing the transmission of the disease. Posters and leaflets on protecting oneself from coronavirus are being distributed while there are also demonstrations of ideal hand-washing practices and distribution of basic hygiene kits consisting of soap and mask. Organised on 5-5-21

Mask Distubution programme

- *
 - * **MCE NSS Cell** identified the COVID warriors working in the community. NSS Cell has distributed hand sanitizers, face masks, and soaps to all police personnel of APMC Police Station. And also we distubuted in all vrudhashramcenters and rural school kids,and city market and other places.

“Role of Engineers in Society”

- * **Brief Report**

- * Three days' Workshop on “Role of Engineers in Society” organised from 31-10-2019 to 02-11-2019 to provide exposure community service and responsibility of our work towards society.
- * Talk on “Responsibilities” was delivered by Dr.AppasabVTU,Belagavi on 31-10-2019 followed by practical sessions up to 5:30pm.Next day on 01-11-2019 at 9:30am 01pm two sessions Dr.Pandu delivered talk on “dedication work in all engineering fields and “Effect on environment” followed by field work up to 5:30pm.On third day 02-11-2019 at 9:30am to 11am Mr.Pasha delivered talk on “Road Safety” followed by Prof.Anad delivered talk on “Role of Engineers in Society” at 11:30am to 01pm followed two session by Prof.Ramanna delivery talk on “Human Rights and Fundamental Rights” at 2pm to 3:30pm and 4pm to

Ethical values in the society Moral values of life skill

- * we have conducted on 01-11-2021 What are Moral Values? Moral values are standards that help an individual choose between right and wrong or good and bad. This understanding is necessary to make honest, credible, and fair decisions and relations in daily life. ... Children can shape a good character and a pleasant personality by following moral values

Prerana
